In the Claims

This listing of claims will replace all prior versions, and listings, of claims in the application:

Listing of Claims

1. (Currently Amended) A lighting apparatus for a LCD-TV ~~an electronic device~~, comprising:

a hollow module having an inner reflective surface and an opening;

a light source disposed in the hollow module;

a lens disposed in the opening, having an incident surface and a display surface, the incident surface faced inside the hollow module, the lens located on the LCD-TV ~~electronic device~~;

wherein light rays emitted from the light source are reflected by the inner surface and transmitted into the incident surface then exit the lens through the display surface.

2. (Original) The lighting apparatus as claimed in claim 1, wherein the light source is a LED.

3. (Original) The lighting apparatus as claimed in claim 1, wherein the incident surface has a semi-translucent surface.

4. (Original) The lighting apparatus as claimed in claim 1, wherein the cross-section of the lens is L-shaped.

5. (Original) The lighting apparatus as claimed in claim 1, wherein the hollow module includes a concave where the light source disposed.

6. (Cancelled)

7. (Original) The lighting apparatus as claimed in claim 1, wherein the lens defines a screw hole so that the lens and the hollow module connected by screwing.

8. (Currently Amended) The lighting apparatus as claimed in claim 1, wherein the hollow module defines a screw hole so that the hollow module and the LCD-TV ~~electronic device~~ are joined by screwing.

9. (Original) The lighting apparatus as claimed in claim 1, wherein the lighting apparatus is an indicator.

10. (Cancelled)

11. (Original) The lighting apparatus as claimed in claim 1, wherein the lens is rectangular.
